Buoy – Quick Start for Managers

What you need to know as a Manager:

1. **Remind your Employee they must complete the Buoy Process before coming to work every day** that they work In-Person/On-Site. This process takes less than 5 minutes and will continue for the foreseeable future.
2. You will not have access to your Employee's data or their results.
3. **Work with your HR business partner** if you encounter issues with the **Buoy** process or with your Employee's daily compliance with the process.

READY FOR IN-PERSON WORK Result for your Employee

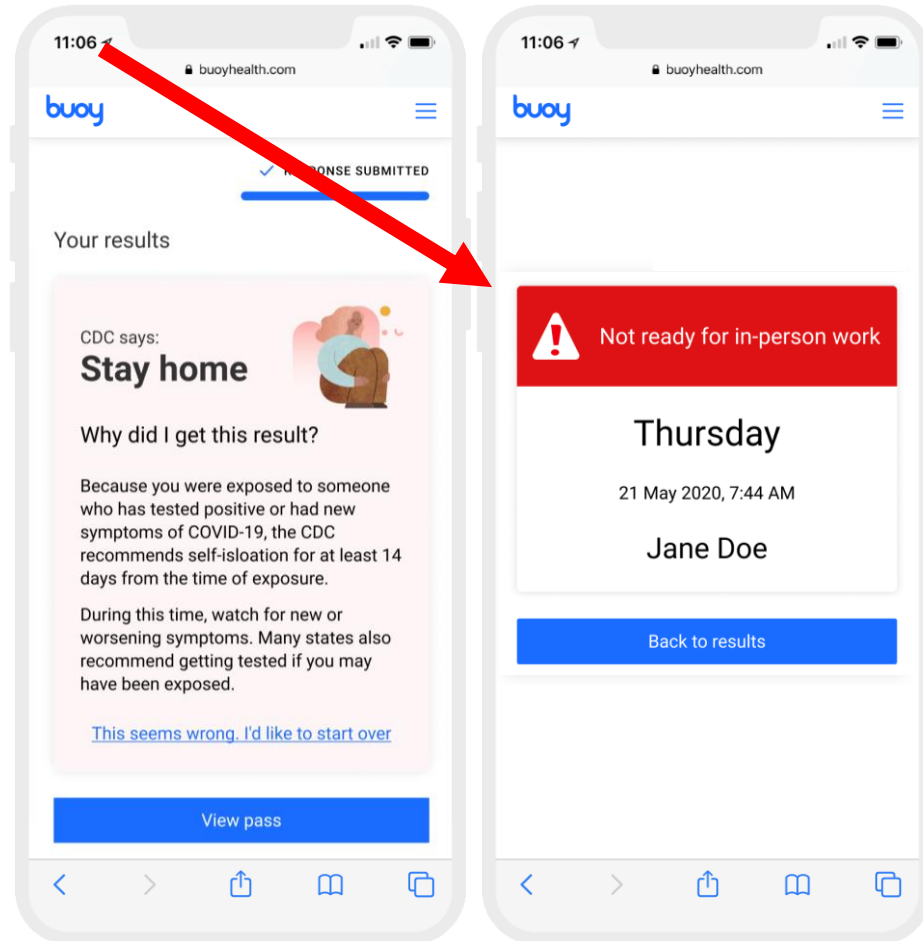

What you need to do:

Remind your employee they may be asked to show their “Ready for in-person work” result that day

NOT READY FOR IN-PERSON WORK Result for your Employee

What you need to do:

- 1. Inform your Employee they must go to CVS and get tested today.**
Go to: www.cvs.com/employertesting
Enter:
 - Home zip code
 - Date of birth
 - Gender
 - Employee ID (From your Mercury badge or Your Profile from the ADP Dashboard)
- 3. Inform your Employee that they must stay home until they have received the test results from CVS.**
- 4. Inform your Employee they must check in with you each day they are not working.**
- 5. Call your HR business partner to let them know your Employee will be out.**
