

### RF Shielded Module Details

- Notes:**
1. All dimensions shown are in inches
  2. Module material: Aluminum
  3. Mounting Holes: 4-40 threaded on top side
  4. RF I/O Interface: SMA
  5. Power via front metal turrets
  6. Bypass control via back metal turret

# Amplifier Module

## Bypassable Amplifier

## State Table

Bypass Control	State
Low (0 V)	Amplifier Bypassed
High (+V Supply)	Amplifier Enabled

## Revision History

Date	Revision Number	Notes
April 8, 2020	1	Initial Release
October 2, 2023	2	Tolerances updated. SMA connector screws shown.
